EDUCATION

National Institute of Technology, Raipur <i>Masters in Computer Applications</i>	2022 - Present
University of Delhi <i>B.Sc.(Hons.) Computer Science</i>	2018 - 2021
Delhi Police Public School <i>Class 12th (CBSE)</i>	2018

INTERNSHIP EXPERIENCE

vidBoard.ai (Gurugram, Haryana, India) <i>Frontend Web Developer Intern</i>	Nov. 2021 – Dec. 2021
---	------------------------------

- Implemented video resizing and object manipulation features in the video editing tool using Fabric.js, enhancing user editing capabilities by 30%.
- Developed and integrated image and audio addition features using Frame.js, improving user experience and tool functionality by 25%.

PROJECTS

MoodSpace | React.js, Node.js, Express.js, MongoDB, Mantine, Passport.js

- Developed a full-stack application using React and Mantine for the frontend, and Node.js, Express.js, and Passport.js for the backend, with MongoDB as the database.
- Created a user-friendly web app that enables users to track their moods, journal, and access mental health resources.
