---

## EDUCATION

---

**National Institute of Technology, Raipur** 2022 - Present  
*Masters in Computer Applications* CGPA: 7.51

**University of Delhi** 2018 - 2021  
*B.Sc.(Hons.) Computer Science* CGPA: 7.81

**Delhi Police Public School** 2018  
*Class 12th (CBSE)* Percentage: 84%

## INTERNSHIP EXPERIENCE

---

**vidBoard.ai** (Gurugram, Haryana, India) Nov. 2021 – Dec. 2021  
*Frontend Web Developer Intern*

- Leveraged Fabric.js library to replicate essential features for the video editing tool, including video resizing and object manipulation.
- Implemented functionalities for adding images and audio using Frame.js, enriching the user experience.

## PROJECTS

---

### MoodSpace | React.js, Node.js, Express.js, MongoDB, Mantine, Passport.js

- Developed a full-stack application with React, Mantine used for frontend and Node.js, Express.js, PassportJS for backend and MongoDB as database.
- The web app allows users to help users track their moods, journal, and access mental health resources.
- [GitHub link](#)
- [Live Preview](#)

### Brainstorm | React.js, Node.js, Express.js, Tailwind, Keycloak (Docker)

- Designed and implemented a real-time collaborative whiteboard application using the MERN stack (React, Node.js, Express.js, Mantine) for creating, editing, and sharing visual ideas.
- Implemented user authentication and authorization with Keycloak running in a Docker container for secure access control.
- [GitHub link](#)

### MembersOnly | Node.js, Express.js, MongoDB, Pugjs, Passport.js

- Built a web-based exclusive clubhouse using NodeJS, featuring streamlined data input and component-based design.
- It is an exclusive clubhouse where your members can write anonymous posts. Inside the clubhouse, members can see who the author of a post is, but outside they can only see the story and wonder who wrote it.

## COLLEGE SOCIETIES

---

**Turing Club of Programmers, NITRR** Jan. 2023 – Present  
*Technical Executive*

- Collaborated with a team of peers to develop the front-end of the Codeutsava 7.0 website using HTML, CSS, and JavaScript. This project enhanced user experience and information accessibility for the annual coding competition.

## SKILLS & INTERESTS

---

- **Skills** React.js; HTML; CSS; Node.js; Next.js; Express.js; MySQL; MongoDB; JavaScript; TypeScript; TailwindCSS; Mantine; Java; C++; C; Python; GitHub; Docker; Keycloak; VSCode
- **Interests** traveling; fiction, non-fiction books; singing; rpg games; *Seinfeld*
